**Subject:** Travel/Event Summary - Dave Graham/Piqua Ohio

Steve

Who:

Dave Graham, with Fleet and Facility Management participated in a two day event hosted by and in the town of Piqua Ohio.

What:

The City of Piqua, OH has won a grant from the Agency for Toxic Substances and Disease Registry (ATSDR) to investigate environmental and health issues and redevelopment options for the East Ash Street Corridor that improves the economics and livability of the area. Burgess and Niple was contracted to manage the grant and assemble and lead a "Blue Ribbon" team of experts to provide recommendations and options for the redevelopment of Historic East Piqua study area. The process was completed with experts from USEPA and ASTDR and included local and national experts in brownfield redevelopment.

When:

June 5 and 6, 2013.

Other:

Food was provided during the evaluation and I will be reimbursed approximately \$70 for travel costs (hotel accommodations). Transportation expense was covered directly by the grant (I traveled by car with a another participant).

Please let me know if you require additional information or any clarification. Thanks

Dave Graham
